

HAZARD MITIGATION ACTION PLAN UPDATE

The Cooke County Hazard Mitigation Plan is being updated. The goal of the Plan Update is to minimize or eliminate the long-term risk to human life and property from hazards known to affect the area through effective mitigation.

Public participation in the survey and/or attendance to a public meeting will provide the planning team valuable information that will be used in the development of the HMAP and educate the planning team's approach.

In coordination with Cooke County, the Cities of: Callisburg, Gainesville, Lindsay, Muenster, Valley View, Towns of: Oak Ridge, Roadrunner, Independent School Districts (ISDs) of: Callisburg, Era, Gainesville, Lindsay, Muenster, Sivell's Bend, Valley View, Walnut Bend, and The North Central Texas College, are updating the Cooke County Hazard Mitigation Plan.

In addition to the survey, Cooke County will hold public meetings to gather public input for updating the Hazard Mitigation Plan. The purpose of the public meeting is to provide a project overview from H2O Partners, Inc., consultant to the project, and solicit information from citizens. Public input will help the project team to analyze potential hazards affecting residents and recommend possible actions to reduce their impact.

Please participate in the survey through the QR code or by visiting tinyurl.com/cookeHMAP information on upcoming public meetings can be found on the participating jurisdictions websites.
