Permit becomes null and void if work or construction authorized is not commenced within 180 days. If construction or work is suspended or abandoned for a period of 180 days at any time after commencing the permit, the permit is null and void.

All permits require final inspection.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provision of laws and ordinances governing this type of work will be complied with whether specific or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction building, fire, health, and safety codes. I understand that failure to comply with the laws and ordinances governing this construction may be a violation and subject to the issuance of a stop work order or citation.
